

Personal Devlog 3 - Final

November 17, 2025

- Improved the looks of the "Help" page of the website
- Begun Refactoring to React

Commentary: React represents a big challenge

November 25, 2025

- Implemented the "Join the cause button" in the Help page and fixed some minor issues
- Couldn't refactor the page

Commentary: The page progress is going well except for the page's refactor, my team also seems to be having problems with the database.
